

NSBE Cincy Professionals

ROBBIE WILLIAMS

'23-'24 PROGRAMS CHAIR

Wassup Region IV! My name is Robbie Williams and I am the Programs Chair for the Cincinnati NSBE Professionals. I am from Cleveland, Ohio and attended Purdue University (shoutout Mother Chapter) where I completed my degree in Mechanical Engineering. Today, I am a Research & Development Scientist at Procter & Gamble in our Beauty Care business. I love traveling, cycling and all things curly hair. The Programs Zone is the heartbeat of NSBE and I love seeing all the different ways that we can fuel personal and community impact. Whether it's providing resources for local students, volunteer work, professional growth or building life-long friendships, the Programs Zone makes a lasting impact.
